Subject: Please Save the Fauntleroy Cove & Salmon Stream

Hello there,

I am a West Seattle resident and I would like to voice my concerns regarding the proposed expansion/widening of the Fauntleroy Ferry Dock. I would like to ask that the Children's Cove Park & Salmon Stream is protected and not destroyed. Salmon are crucial to our ecosystem and for our dwindling resident Orca population. I ask that you please help preserve this natural space.

Thank you,

Saige Silverman
