Schedule

1pm	Welcome First People's acknowledgement Introductions & Check-in: <i>Briefly share your name, organization</i>	Allegra Dylan Dressler Allegra and all
1:10	Panel Discussion 1. The PHAB is interested in relationships-investing in, grow and sustaining relationships with community partners. Can you provide examples of how strong relationships benefited you and your response to the pandemic? What enhanced or made these relationships easier? 2. Can you share any limitation or barrier that hindered your partnerships? What about examples where you do not have relationships and how that may have impaired response? What would you need to sustain, grow, diversify, and deepen your community partnerships and relationships? Share some of the complex constraints you are dealing with. 3. Can you share experiences or instances where you solved complex problems with community partners? What impeded problem solving? What enhanced it?	Allegra Nancy Wenzel Dylan Dressler Mark Tompkins

	What can we do as a public health system to address complex problems in an adaptive way rather than a technical way?

Board Charge:

As described in law, RCW 43.70.675, the PHAB shall:

- a) Advise and provide feedback to the governmental public health system and provide formal public recommendations on public health.
- b) Monitor the performance of the governmental public health system.
- c) Develop goals and a direction for public health in Washington and provide recommendations to improve public health performance and to achieve the identified goals and direction.
- d) Advise and report to the secretary.
- e) Coordinate with the governor's office, department, state board of health, local health jurisdictions, and the secretary.
- f) Evaluate public health emergency response and provide recommendations for future response, including coordinating with relevant committees, task forces, and stakeholders to analyze the COVID-19 public health response.
- g) Evaluate the use of foundational public health services funding by the governmental public health system.
